

Baxter

The Vest APX

AIRWAY CLEARANCE SYSTEM

ADVANCED PULMONARY EXPERIENCE

TRUSTED EFFICACY WITH NEW COMFORT AND EASE

For over 35 years, **The Vest** Airway Clearance System from Hillrom has been studied more extensively, prescribed more often, and trusted by more patients than any other HFCWO device. Now that Hillrom and Baxter are one team, we are proud to introduce **The Vest** APX System. It makes the same trusted therapy more comfortable and easier for patients, supporting consistent therapy adherence.

DESIGNED TO PERFORM

From a streamlined garment with a customizable fit that focuses therapy on the chest and away from the abdomen, to user-friendly touchscreen controls and a swivel-wheel travel case for therapy on the go, **The Vest** APX System is designed to fit comfortably in patients' lives.

FEATURES

- Redesigned lighter-weight garment makes it easier to take a deep breath
- Comfortable fit for pediatric to geriatric patients
- Vest and wrap garment styles in multiple colors and patterns
- Easy-to-navigate preprogrammed protocols
- **Cough Pause** feature reminds patient to cough
- Multiple languages

THE CARE CONNEX PROGRAM BY BAXTER

Baxter created the **CARE Connex** Program to deliver comprehensive services at every step of the patient journey, offering new efficiencies for your practice and helping improve the therapy experience for your patients. We work with over a thousand leading local, regional and national insurance companies to include commercial health plans and networks, Medicaid, Medicare, TRICARE and the Department of Veterans Affairs.

Insurance provider services

Continuing education courses

24/7 clinical care with multilingual customer service and product support

Clinical in-home assessments, trainings, outcomes monitoring and reporting

600+ in-home licensed clinicians

E-Prescribing available (Parachute, Epic, Cerner, Allscripts and others)

SUPPORTING YOU AT EVERY STEP

Once a prescription is received, the **CARE Connex** Program high-touch clinical service team engages and motivates your patients. Multiple face-to-face and virtual touchpoints along the patient care journey allow our clinical team to assess, train and answer any questions from patients and caregivers to help them stay consistent with their therapy.

Rx Only. For safe and proper use of product mentioned herein, please refer to the Instructions for Use or Operator Manual.
