Who can participate?
• Acute care, long-term care, long-term acute care and rehabilitation organizations around the world volunteer to participate in the data collection process.

What are the costs?
• The IPUP Survey and Report are offered at no cost to you. Just schedule your staff to conduct the survey and send us back the data for a complete analysis.

When is the 2019 survey?
• The survey window is conducted annually during a 3-day period. There is a flexible data collection window—choose the 24 hour period that best fits your needs. The survey dates for 2019 are February 19-21.

Determine your goals.
• How do you compare to national pressure injury benchmarks?
• Are pressure injury prevention programs consistently followed at your organization?
• When was the last time pressure injury activity was measured at your organization?
• Would a pressure injury reporting process help your organization meet its goals?

What does it include?
• Organization prevalence
• System level analysis
• Prevalence by unit
• Benchmarks by market segment
• Multiple comparisons and benchmarks including:
  - Patient characteristics
  - Wound risk
  - Census size/type
  - Prevalence by teaching status
  - Geographic location
  - Incontinence management summary
• Timely independent NDNQI spreadsheet

What about NDNQI?
• Let Hill-Rom assist you with NDNQI. The IPUP survey includes all pressure injury prevalence and restraint data collection points required for submitting your organization results.

How do you get your report?
• After completing the survey, Hill-Rom will send you an electronic file of your results.
