DETERMINE YOUR GOALS.
- How do you compare to national pressure injury benchmarks?
- Are pressure injury prevention programs consistently followed at your organization?
- When was the last time pressure injury activity was measured at your organization?
- Would a pressure injury reporting process help your organization meet its goals?

WHAT DOES IT INCLUDE?
- Organization prevalence
- System level analysis
- Prevalence by unit
- Benchmarks by market segment
- Multiple comparisons and benchmarks including:
  - Patient characteristics
  - Wound risk
  - Staging
  - Census size/type
  - Prevalence by teaching status
  - Geographic location
  - Incontinence management summary
- Timely independent NDNQI spreadsheet

WHAT ABOUT NDNQI?
Let Hillrom assist you with NDNQI. The IPUP survey includes all pressure injury prevalence and restraint data collection points required for submitting your organization results.

HOW DO YOU GET YOUR REPORT?
After completing the survey, Hillrom will send you an electronic file of your results.
